Prescription Policy – NYLT 2012

The NYLT prescription policy follows the National BSA Policy and State Laws as outlined on the BSA website, Georgia State Code and HIPAA regulations.

The taking of prescription medication is the responsibility of the individual taking the medication and/or that individual's parent or guardian. If the individual, in the opinion of the parent or guardian, needs assistance with prescriptions, Assistant Course Director will provide assistance as needed and agreed upon by the ACD and the parent/guardian. This will be reconfirmed at check-in. BSA does not mandate or necessarily encourage the leader to do so - This is offered as a courtesy service to those individuals that require some assistance. Participants should have the maturity to deal with the majority of prescriptions.

- Assistant Course Director – for each course will -
1. Reconfirm any need for prescription assistance at check-in.
 2. Define the level of assistance needed
 3. Place any Rx we will hold in a zip lock bag, with participant's name and Rx on 3x5 card in bag with proper dosing instructions
 4. Keep a log of Rx interactions with participants
 5. Keep medications in a locked and secured container. If refrigeration is required then a special case will be stored inside a designed refrigeration system.
